

Vienna Catchment Science Symposium, Saturday 8th May, 2010

On the Theme of:

On the Theme of Hydrological Change

<u>Time</u>	<u>Session</u>	<u>Location</u>
8:30	Tea, coffee, pastries and greetings	Foyer
9:15	Welcome and Introduction Günter Blöschl, Vienna University of Technology, Austria	Festsaal
9:30	Hydrological Change: A Science Plan for the 21st Century Murugesu Sivapalan, University of Illinois at Urbana-Champaign, USA	Festsaal
10:30	Tea and coffee	Foyer
11:00	Horses for Courses: On the need for Flexible Model Structure Hubert Savenije, Delft University of Technology, Netherlands	Festsaal
12:00	Challenges for Water Resources Planning in a Changing World Pete Loucks, Cornell University, USA	Festsaal
13:00	Lunch	Foyer
14:00	Parallel Discussion Sessions	
	Group 1: <i>A science plan for hydrological change</i> Moderator: Murugesu Sivapalan	Festsaal
	Group 2: <i>Flexible model structures in hydrology: an interactive discussion and demonstration</i> Moderators: Hubert Savenije, Fabrizio Fenicia and Dmitri Kavetski	Seminarraum B11 (1 st floor, follow signs)
	Group 3: <i>Interdisciplinary strategies of water resource planning</i> Moderator: Pete Loucks	Hörsaal 14
15:30	Tea, coffee and pastries	Foyer
16:00	Parallel Discussion Sessions Continued	As before
17:00	Summary of the Day	Festsaal
18:00	Evening drinks reception	Foyer
19:00	Dinner	Festsaal
